

Europe - Africa Collaboration for Capacity Building

Europe - Africa Collaboration For Capacity Building

Saul Paul Phiri - Copperbelt University

AfAS Conference: 25 March 2026, Kasane, Botswana

Projects Focus

PI for PAPSSN &
FAST4Future: Prof.
Franchi Fulvio

The two projects are focussed on:

- Postgraduate student mobilities
- Staff mobilities
- Creating a virtual centre of excellence
- Modernization of PSST programmes in partner African HEIs
- Standardization of PSST programmes in partner African HEIs
- Improved employability of PSST students

Background

60 months

Implementation period

Cohorts

Student and staff selection

Degree-seeking

Credit-seeking

Academic/
administrative staff

6 – 24 – 48 months

Master: 6 – 24
months

Doctorates: 6 – 48
months

Staff: 1-6 months

Target Group I
BIUST,
AAU, UUN,
WITS, CBU

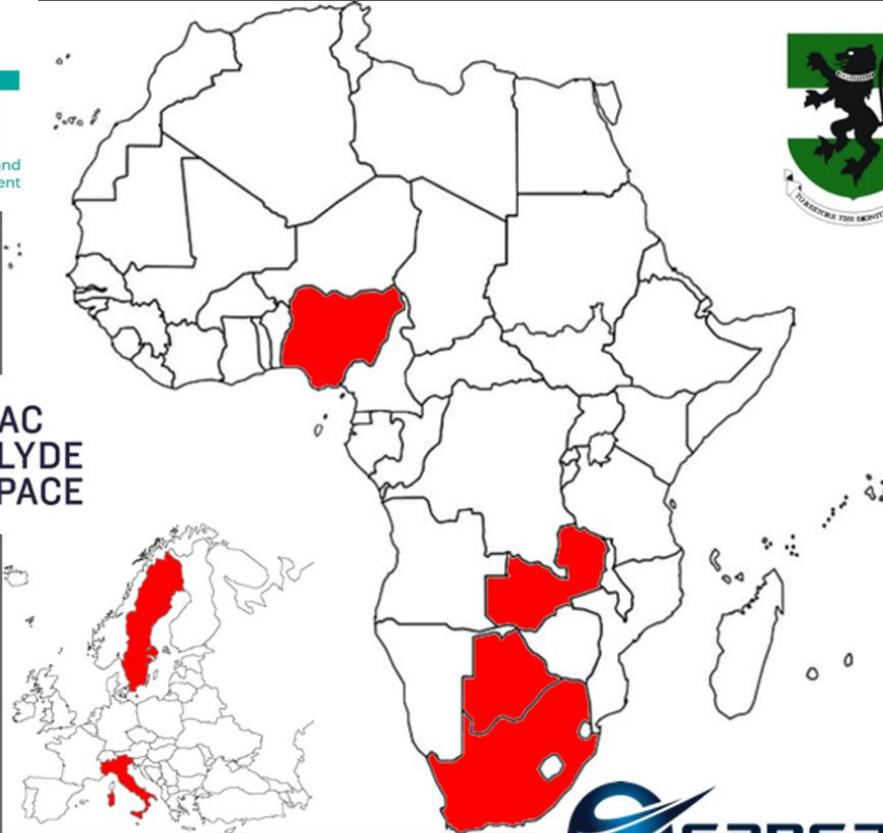

Target Group II

The PAPSSN will assign **62 scholarships through 4 cohorts distributed over 60 months:**

- 15 TG1 Staff mobility grants for visits ranging between 1 and 3 months;
- 20** TG1 Master students (12 credit seeking and 10 degree seeking);
- 10 TG1 Doctorate students (4 sandwich PhD and 6 degree seeking);
- 13** TG2 Master students (6 credit seeking and 8 degree seeking);
- 4 TG2 Doctorate students (2 Sandwich PhD and 2 degree seeking).

FAST4Future – Focus on Africa Space science and Technology for Future development

Impact

- Helped students from vulnerable backgrounds to get careers in PSST
- Built some capacity in PSST in the countries which have participated
- Collaborations within the consortium and outside the consortium
- Built networks which go beyond the projects now
- Graduating students who are exposed to regional and global standards through the student exchange programs.

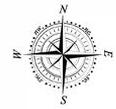

Impact: From War Zone to PhD at BIUST, Transformative <https://www.papssnmobility.org/blog/>
